

Product disclosure statement (PDS) update

This is a product disclosure statement (PDS) update for the **Super Directions for Business Rollover Section** PDS dated 30 September 2019.

The purpose of this update is to advise of a proposed move of this product to another product within the same super fund. It is important to note that this proposed move is still subject to trustee approval. This proposed move is expected to take place **on or around 15 May 2020**.

What's changing

Proposed changes to the product

We propose to move your super to another product, AMP Flexible Super. The move is expected to take place on or around 15 May 2020. This PDS update details the differences you should be aware of between Super Directions for Business Rollover Section and AMP Flexible Super.

The new product features

Auto rebalancing

If you select two or more investment options, you may want to regularly review and rebalance your investment choices.

Rebalancing simply means bringing the percentage of each investment option in your portfolio back in line with your original weighting by moving money from one option to another.

After the proposed move, you can apply auto-rebalancing free of any fees, other than the transaction cost allowance. You can choose how often to have your account auto-rebalanced:

- quarterly: on or around 10 February, 10 May, 10 August and 10 November
- half yearly: on or around 10 February and 10 August, or
- yearly: on or around 10 August each year.

Transaction costs

Transactional and operational costs are generally incurred when dealing with the assets of the relevant investment option, including any assets of any investment vehicles in which the investment option invests.

Transactional and operational costs incurred by an investment option consist of transaction costs, less any amounts recovered by the charging of a transaction cost allowance and property operating costs.

Transactional and operational costs are estimated based on the actual costs incurred for the last financial year. Where the actual costs are not known, we have estimated these costs based on the latest information available to us. Where an investment option is new, or was first made available during this or the last financial year, we have estimated the costs that will apply to the current financial year.

Details of estimates of transactional and operational costs for each investment option, including transaction costs before and after any amounts recovered by the charging of a transaction cost allowance, and property operating costs, can be found in the **fees and costs** section of the AMP Flexible Super **Investing and your options** fact sheet.

Transaction cost allowance

The unit price for each investment option includes a **transaction cost allowance** which is based on an estimate of the anticipated transaction costs each investment option will incur. The **transaction cost allowance** aims to offset the actual transaction costs incurred and isn't paid to us or any investment manager.

The anticipated transaction costs are based on forecast investments and withdrawals for each investment option. For example:

- If new investments are expected to exceed withdrawals from an investment option, then asset values may be adjusted by adding an allowance for the costs of buying assets which will increase the unit price.
- Similarly, if new investments are expected to be less than withdrawals then asset values may be adjusted by subtracting an allowance for the costs of selling assets which will decrease the unit price.

Issue date: 28 April 2020

This document is issued by N.M. Superannuation Proprietary Limited ABN 31 008 428 322, AFSL No. 234654, the trustee of the Super Directions Fund ABN 78 421 957 449. The information provided in this PDS update is general information only and does not take into account your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

The **transaction cost allowance** may change on a regular basis and can change without notice to you. Depending on the change, the value of your investment in the investment option will either increase (a benefit to you) or decrease (a cost to you).

The **transaction cost allowance** does not apply to investment options that declare a crediting rate.

The **transaction cost allowance** ranges for each investment option are shown in the **fees and costs** section of the AMP Flexible Super **Investing and your options** fact sheet.

Beneficiary nominations

A beneficiary is someone you nominate to receive your super and insurance (if you have any) in the event of your death.

If you have a beneficiary nomination at the date of the move this will be carried across to your new product as part of the move.

AMP Flexible Super accepts beneficiary nomination allocations in whole numbers. If you have a nomination on your account where the split to a nominee is not a whole number, your chosen allocations will be rounded either up or down prior to the move. The allocations will be confirmed in your annual statement.

The order in which this will be rounded up or down, if your nominee doesn't currently have a whole number as their allocation, will be based on:

- rounding up the highest nominated amount(s), then
- rounding up or down other nominated amount(s) based on the order the beneficiaries are listed for your account so the allocation across all beneficiaries totals 100%.

For example, if you've nominated five beneficiaries, making allocations of 50%, 12.5%, 12.5%, 12.5% and 12.5%, this will be changed to 50%, 13%, 13%, 12% and 12%.

After the proposed move you'll be able to make binding non-lapsing beneficiary nominations and amend your allocations by going to amp.com.au/beneficiary. To view your current beneficiary allocations, log into **My AMP**, or call 1300 050 591 from 9am to 6pm (Sydney time) Monday to Friday.

Before you consider making a binding non-lapsing nomination, there are several factors that you should keep in mind, for example, the type of beneficiary you nominate can have tax implications for your dependant(s) when they receive your death benefit. For this reason, you may wish to discuss your nomination with a financial adviser.

Processing delays

When the move takes place there may be delays of up to eight business days for processing transaction requests (such as contributions, withdrawals, premium payments, investment switches, insurance changes and account changes).

To avoid a delay in processing, if you need to make a contribution, withdrawal, or investment switch, your request, with all relevant information, must be received **before 4pm (Sydney time), Friday 8 May 2020 (cut-off date)**.

Any request or changes to your account which are received after the cut-off date may be processed before or after the move. The unit price or crediting rate allocated will be as at the date we receive all relevant information.

If your request is received after the cut-off date and is processed after the move, you'll receive the unit price or crediting rate in the replacement investment option with the same effective date.

If a contribution is received from your employer to your account during this period, a one-off financial adjustment will be made to your account to ensure you're not worse off as a result of this treatment. This treatment won't apply to transactions you initiate.

Any updates will be provided at amp.com.au/transform/FS.

Consider your options

Now may be a good time to review if this product is right for you.

If you don't want your account to be included in the move, you can call AMP to be provided with the relevant form to transfer your super elsewhere. You can also contact your other super fund, or use the Australian Tax Office (ATO) service in **myGov**.

Before deciding whether to transfer your super elsewhere, consider if there will be any adverse effects. These may include any increase in fees and costs, any loss of benefits (eg insurance cover), any adverse tax impacts, any changes to your investment strategy and where your employer will pay future contributions.

Most people can choose the fund for their employer's super contributions. However, depending on what super account you're in, you might not have this choice. To find out if you can choose a fund, check with your employer or see the ATO's information on **choosing a super fund**.

How your super is invested

Currently, your super's invested by us through an investment life policy provided by AMP Life Limited (AMP Life). It then invests in selected investment funds and other assets. After the proposed move, and depending on the investment option, your super may be invested directly in investment funds and other assets rather than through an investment life policy.

MySuper

If you're invested in the default AMP SDF MySuper investment portfolio, you'll be moved to the AMP MySuper investment option (the replacement option) which invests in the same lifecycle investment strategy. Your contributions will be processed to MySuper unless you choose a new investment option.

Choice investment options

If your super is invested in a Choice investment option on the date of the move, it may be closed and if so, your super will be reinvested in a replacement AMP Flexible Super investment option that most closely corresponds to your current investment option(s) as shown in the table below. Any super contributions received after the move will be processed to the replacement option(s), unless you choose a new option.

For details on the replacement investment options' aims, strategies, objectives, standard risk measures and suggested minimum investment time frames, please check the **AMP Flexible Super Investing and your options fact sheet** available at amp.com.au/transform/FS.

The table below outlines the fees and indirect costs that apply to both the closing and replacement investment options.

Costs, including any cost amounts included in the investment fee, are variable and may be more or less than the estimated amounts shown, which are based on the known actual or estimated costs incurred for the year to 30 June 2019. Where an investment option is new, or was first made available during this or last financial year, the costs that apply to the current financial year have been estimated. Past costs are not a reliable indicator of future costs.

The following table compares the key fees and costs in the current investment options, that are closing, and the replacement investment options.

Current			Replacement		
Investment option	Investment fee % pa	Estimated indirect cost ratio % pa ⁽ⁱ⁾	Investment option	Investment fee % pa	Estimated indirect cost ratio % pa ⁽ⁱ⁾
Multi-manager Secure	0.75	0.20	Future Directions Conservative	0.50	0.31
Secure	0.81	0.18			
Multi-manager Secure Growth	0.80	0.22	Future Directions Moderately Conservative	0.55	0.40
Managed	0.59	0.20			
Multi-manager Balanced	0.86	0.18	Future Directions Balanced	0.60	0.46
Property-Biased	0.44	0.36			
Multi-manager Growth	0.89	0.20	Future Directions Growth	0.65	0.40
Multi-manager High Growth	0.90	0.18	Future Directions High Growth	0.70	0.37
AMP Wholesale Australian Equity Value Fund	0.54	0.20	Lazard Australian Equity	0.45	0.16
Colonial First State Wholesale Imputation Fund	1.04	0.12	Legg Mason Martin Currie Equity Income	0.45	0.09
Australian Equities	0.67	0.06	Specialist Australian Share	0.75	0.09
Multi-manager – Australian Equities	0.97	0.05			
Diversified Fixed Interest	0.63	0.17	Specialist Diversified Fixed Income	0.60	0.26
International Equities	0.72	0.16	Specialist International Share	0.75	0.18
Multi-manager – International Equities	0.82	0.10			
Property	0.30	0.65			
Listed Property	0.87	0.17	Super Easy Cash	0.00	0.00
Cash	0.00	0.01			
Protection	0.41	0.01			
AMP Wholesale Global Equity Index Fund (Unhedged)	0.36	0.03	Super Easy International Share	0.50	0.01
Guaranteed Plus	0.56	0.04	Guaranteed Plus ⁽ⁱⁱ⁾	0.53	0.04
Security Plus	0.78	0.05	Security Plus ⁽ⁱⁱ⁾	1.08 ⁽ⁱⁱⁱ⁾	0.05

(i) Costs are variable and may be more or less than the amounts shown. These are based on the known actual or estimated costs incurred for the financial year ended 30 June 2019. Past costs are not a reliable indicator of future costs.

(ii) This investment option will be closed to members who aren't invested in it on the date of the move. Existing members can still invest, but once a member withdraws all funds from this investment option, they won't be able to reinvest.

(iii) The administration fee for Security Plus currently includes a guarantee fee paid to AMP Life of 0.35% pa. After the move the guarantee fee will be included in the investment fee, rather than the administration fee.

Total fees for the majority of members invested in Choice investment options will be reduced. However, for a relatively small number of members, total fees and costs will increase, or the timing of rebates will change. As a result, a one-off adjustment will be made to impacted members equivalent to 18 months of likely financial impact.

Investment level

After the move, if you're invested in AMP MySuper and/or Super Easy Cash only, your investment level will be Core. If you're invested in any other investment options, in addition to AMP MySuper and/or Super Easy Cash, your investment level will be Choice. See the **Fees and indirect costs** section for more information about how your investment level will impact the fees and costs you pay.

Unit pricing

On the date of the proposed move, unit pricing will change from historical pricing to forward pricing.

Historical pricing means that for any contributions, investment switches or withdrawal requests, members would receive the last published unit price for that investment option, generally the unit price of the last business day.

Forward pricing is when any contributions, investment switches or withdrawal requests receive the unit price that is calculated after the cut-off time for transaction requests for that business day.

As part of this change, contributions, investment switch or withdrawal requests where we receive all relevant information before 3pm (Sydney time) will receive the unit price for that day. Any requests received after that cut-off time will receive the unit price for the next business day (Sydney time).

Unit pricing will also move from dual pricing to a single transaction price.

For dual pricing, there's a difference between the unit price applied to contributions and rollovers made into your account (buy unit price) and the unit price used to value your account, and any withdrawals you make (sell unit price). The difference between the two is the buy and sell margins. The buy and sell margins represent an additional cost to you of transacting and aren't charged separately.

For single transaction pricing, only one unit price is applied to contributions, rollovers and withdrawals. If new investments from all members are expected to exceed withdrawals from an investment option, then asset values may be adjusted by adding an allowance for some or all of the costs of buying assets. This will increase the unit price. If new investments from all members are expected to be less than withdrawals from an investment option, then asset values may be adjusted by subtracting an allowance for some or all of the costs of selling assets. This will decrease the unit price. For further details refer to the **Fees and other costs** section of the **Getting to know your AMP Flexible Super** fact sheet available at amp.com.au/transform/FS.

Crediting rates

Currently Guaranteed Plus and Security Plus have unit prices calculated daily using the crediting rates declared by AMP Life. From the date of the proposed move, crediting rates will still be declared by AMP Life but instead of a unit price, earnings will now be credited to your account on 30 June each year. This is similar to interest on a bank account. This means you'll continue to see an investment value, but units and unit prices will no longer be shown for these investment options.

You can view the latest crediting rates at amp.com.au/transform/FS after the proposed move.

Proposed changes to fees and other costs

If your total fees increase as a result of the move

For the vast majority of members the total fees and costs will not increase as part of the proposed move. However, for some members, there will be an increase. As a result of the increase, a one-off adjustment will be made to those impacted members. This will be calculated on the date of the move and will be credited within two months of the move, if the account remains open. Further details will be sent to impacted members following the move.

MySuper and Choice member fees

We are proposing that the member fee will no longer increase in line with Consumer Price Index (CPI) or Average Weekly Ordinary Times Earnings (AWOTE) each year.

Fees and costs tables

MySuper investment option

We are proposing that the following fees will apply after the proposed move.

AMP MySuper (a lifecycle option)					
Type of fee	Amount		How and when paid		
Investment fee ⁽ⁱ⁾	0.30% pa		The MySuper investment fee is deducted daily from the assets of the MySuper investment option and reflected in the unit price.		
Administration fee ⁽ⁱ⁾	0.29% pa		The MySuper administration fee is deducted daily from the assets of the MySuper investment option and reflected in the unit price.		
	Plus \$7.57 per month. This fee will not increase on 1 July each year in line with the Consumer Price Index.		The MySuper member fee ⁽ⁱⁱ⁾ is deducted directly from your account each month.		
Buy-sell spread	Nil, however a transaction cost allowance will apply – see other fees and costs below.		Not applicable.		
Switching fee	Nil.		Not applicable.		
Advice fees relating to all members investing in a particular MySuper product or investment option	Nil.		Not applicable.		
Other fees and costs	AMP MySuper investment option		Transaction cost allowance%⁽ⁱⁱⁱ⁾		
	1990s		+/- 0-0.39		
	1980s		+/- 0-0.39		
	1970s		+/- 0-0.39		
	1960s		+/- 0-0.47		
	1950s		+/- 0-0.52		
	Capital Stable		+/- 0-0.50		
	Plus advice fees for personal advice ⁽ⁱⁱ⁾ as agreed between you and your financial adviser.		Deducted directly from your account.		
Plus insurance fees ⁽ⁱⁱ⁾ – insurance premiums will apply if you have insurance cover.		Deducted directly from your account in advance at the beginning of each month.			
Indirect cost ratio ^{(i),(iv)}	AMP Mysuper investment option		Estimated performance-based fees % pa	Estimated other indirect costs % pa	Total indirect cost ratio % pa
	1990s		0.12	0.24	0.36
	1980s		0.14	0.25	0.39
	1970s		0.16	0.25	0.41
	1960s		0.12	0.25	0.37
	1950s		0.03	0.25	0.28
	Capital Stable		0.01	0.27	0.28
	Performance-based fees ⁽ⁱⁱ⁾ are paid to certain investment managers when they meet specific investment performance targets. They are deducted from the underlying assets of the investment option and reflected in the unit price. They are variable and may be more or less than the amounts shown. Other indirect costs ⁽ⁱⁱ⁾ are deducted from the underlying assets of the investment option and reflected in the unit price as and when they are incurred. They are variable and may be more or less than the amounts shown.				

- (i) If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded. For AMP superannuation funds the end of income year is 30 June.
- (ii) Refer to the **additional explanation of fees and costs** in the **Getting to know your AMP Flexible Super** fact sheet for more information.
- (iii) The ranges shown here are based on the latest information available to us at the date of this document. The **transaction cost allowance** for an investment option can change at any time and may exceed the maximum amount shown.
- (iv) Costs are variable and may be more or less than the estimated amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.

Choice investment option

We are proposing that the following fees will apply after the proposed move.

New product – AMP Flexible Super

Choice investment options																										
Type of fee	Amount	How and when paid																								
Investment fee⁽ⁱ⁾	Depending on the investment level chosen the amount you pay for specific investment options ⁽ⁱⁱ⁾ ranges between: <ul style="list-style-type: none"> – Core: 0.00% and 0.32% pa – Select: 0.00% and 0.32% pa – Choice: 0.00% and 1.90% pa 	The investment fee⁽ⁱⁱⁱ⁾ is deducted daily from the assets of each investment option and reflected in the unit price or crediting rate when declared.																								
Administration fee⁽ⁱ⁾	Depending on the investment level chosen the amount you pay for specific investment options ⁽ⁱⁱ⁾ ranges between: <ul style="list-style-type: none"> – Core: 0.25% and 0.50% pa – Select: 0.25% and 0.50% pa – Choice: 0.25% and 0.85% pa 	The administration fee is deducted daily from the assets of each investment option and reflected in the unit price or crediting rate when declared.																								
	Less, depending on your account balance (applies to Choice investment level only):	The administration fee rebate^(iv) is paid directly into your account each month. You may qualify for a higher rebate under the flexible bonus^(iv) feature.																								
	<table border="1"> <thead> <tr> <th>Total relationship balance</th> <th>Rebate rate % pa on the balance invested in Core, Select and Super Easy investment options</th> <th>Rebate rate % pa on the balance invested in all other investment options</th> </tr> </thead> <tbody> <tr> <td colspan="3">These rebates do not apply to the AMP MySuper Balanced investment option</td> </tr> <tr> <td>Under \$100,000</td> <td>Nil</td> <td>Nil</td> </tr> <tr> <td>\$100,000–\$199,999</td> <td>Nil</td> <td>0.30</td> </tr> <tr> <td>\$200,000–\$499,999</td> <td>Nil</td> <td>0.40</td> </tr> <tr> <td>\$500,000–\$999,999</td> <td>Nil</td> <td>0.55</td> </tr> <tr> <td>\$1,000,000–\$2,999,999</td> <td>0.10</td> <td>0.70</td> </tr> <tr> <td>\$3,000,000 or more</td> <td>0.20</td> <td>0.85</td> </tr> </tbody> </table>	Total relationship balance	Rebate rate % pa on the balance invested in Core, Select and Super Easy investment options	Rebate rate % pa on the balance invested in all other investment options	These rebates do not apply to the AMP MySuper Balanced investment option			Under \$100,000	Nil	Nil	\$100,000–\$199,999	Nil	0.30	\$200,000–\$499,999	Nil	0.40	\$500,000–\$999,999	Nil	0.55	\$1,000,000–\$2,999,999	0.10	0.70	\$3,000,000 or more	0.20	0.85

These rebates do not apply to the AMP MySuper Balanced investment option																										
Under \$100,000	Nil	Nil																								
\$100,000–\$199,999	Nil	0.30																								
\$200,000–\$499,999	Nil	0.40																								
\$500,000–\$999,999	Nil	0.55																								
\$1,000,000–\$2,999,999	0.10	0.70																								
\$3,000,000 or more	0.20	0.85																								
	Plus, depending on the investment level chosen: <ul style="list-style-type: none"> – Core: \$7.57 per month – Select: \$10.08 per month – Choice: \$12.65 per month This fee will not increase on 1 July each year in line with the Consumer Price Index.	The member fee^(iv) is deducted directly from your account each month. It is deducted from each investment option (excluding the Super Easy Term Deposit and the AMP MySuper Balanced investment options) in proportion to your investment in each option.																								
Buy-sell spread	Nil, however a transaction cost allowance may apply - see other fees and costs below.	Not applicable.																								
Switching fee	Nil.	Not applicable.																								
Advice fees relating to all members investing in a particular MySuper product or investment option	Nil.	Not applicable.																								
Other fees and costs	0 to +/- 0–1.90% ^(v) depending on the investment option ⁽ⁱⁱ⁾ .	The transaction cost allowance^(iv) is either deducted from, or added to, the assets of the relevant investment option in arriving at the unit price. It may change on a regular basis and is subject to change without notice to you. When a change is made, the value of your investment in the investment option will either increase or decrease.																								
	Plus advice fees for personal advice^(iv) as agreed between you and your financial adviser.	Deducted directly from your account.																								
	Plus insurance fees^(iv) – insurance premiums will apply if you have insurance cover.	Deducted directly from your account in advance at the beginning of each month.																								

Choice investment options		
Type of fee	Amount	How and when paid
Indirect cost ratio ^{(i),(vi)}	0 to 1.64% pa depending on the investment option ⁽ⁱⁱ⁾ , consisting of estimated performance based fees and other indirect costs .	Performance based fees ^(iv) are paid to certain investment managers when they meet specific investment performance targets. They are deducted from the underlying assets of the investment option and reflected in the unit price. They are variable and may be more or less than the amounts shown. Other indirect costs ^(iv) are deducted from the underlying assets of the investment option and reflected in the unit price as and when they are incurred. They are variable and may be more or less than the amounts shown.

- (i) If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year (30 June for all AMP superannuation funds), the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- (ii) Refer to the **fees and costs** section in the **AMP Flexible Super Investing and your options** fact sheet for amounts for each investment option.
- (iii) For certain investment options, the **investment fee** may include estimates of amounts deducted from underlying investments including amounts charged on the gross assets of the underlying investment. These estimated amounts may vary and as a result the **investment fee** for these investment options may be more or less than the amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.
- (iv) Refer to the **additional explanation of fees and costs** section in the **Getting to know your AMP Flexible Super** fact sheet for more information.
- (v) The range shown here is based on the latest information available at the date of this document. The **transaction cost allowance** for an investment option can change at any time and may exceed the maximum amount shown.
- (vi) Costs are variable and may be more or less than the estimated amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.

The fees you actually pay may be reduced by up to 15% to allow for the benefit of tax deductions passed on to you.

Fees and indirect costs - MySuper investment options

We are proposing that the following fees and indirect costs will apply after the proposed move.

Table 1 - Fees and indirect costs

Investment option	Investment and administration fees ⁽ⁱ⁾			Indirect cost ratio			Total fees and indirect costs	Transaction cost allowance ^(iv)
	Investment fee	Admin-istration fee	Total fees	Estimated performance based fees ⁽ⁱⁱ⁾	Estimated other indirect costs ⁽ⁱⁱⁱ⁾	Total indirect cost ratio		
	% pa	% pa	% pa	% pa	% pa	% pa	% pa	%
AMP MySuper 1990s	0.30	0.29	0.59	0.12	0.24	0.36	0.95	+/- 0-0.39
AMP MySuper 1980s	0.30	0.29	0.59	0.14	0.25	0.39	0.98	+/- 0-0.39
AMP MySuper 1970s	0.30	0.29	0.59	0.16	0.25	0.41	1.00	+/- 0-0.39
AMP MySuper 1960s	0.30	0.29	0.59	0.12	0.25	0.37	0.96	+/- 0-0.47
AMP MySuper 1950s	0.30	0.29	0.59	0.03	0.25	0.28	0.87	+/- 0-0.52
AMP MySuper Capital Stable	0.30	0.29	0.59	0.01	0.27	0.28	0.87	+/- 0-0.50

- (i) The fees you actually pay are reduced by 15% to allow for the tax deduction passed on to you.
- (ii) These amounts are not an indication of future performance and should not be relied on as such. If the investment performance of a particular asset class is better than the set benchmark the **performance based fee** could be much higher. Refer to the **fees and other costs** section of the **AMP Flexible Super Investing and your options** fact sheet for more information.
- (iii) Refer to the **fees and other costs** section of the **AMP Flexible Super Investing and your options** fact sheet for more information on **other indirect costs**.
- (iv) The **transaction cost allowance** is based on the latest information available to us at the date of this document. The **transaction cost allowance** can change at any time and may exceed the maximum amount shown. Refer to the **fees and other costs** section of the **AMP Flexible Super Investing and your options** fact sheet for more information.

Table 2 - Transaction, property operating and borrowing costs

Investment option	Estimated transaction costs					Estimated property operating costs ⁽ⁱ⁾	Estimated borrowing costs ⁽ⁱ⁾
	Gross transaction costs	Less: Recovered by transaction cost allowance	Net transaction costs	Net transaction costs (included in other indirect costs)	Net transaction costs ⁽ⁱ⁾ (excluded from other indirect costs)		
	% pa	% pa	% pa	% pa	% pa		
AMP MySuper 1990s	0.19	0.02	0.17	0.09	0.08	0.03	0.09
AMP MySuper 1980s	0.19	0.00	0.19	0.09	0.10	0.04	0.12
AMP MySuper 1970s	0.19	0.00	0.19	0.09	0.10	0.04	0.12
AMP MySuper 1960s	0.23	0.01	0.22	0.09	0.13	0.03	0.09
AMP MySuper 1950s	0.26	0.02	0.24	0.10	0.14	0.02	0.09
AMP MySuper Capital Stable	0.28	0.03	0.25	0.12	0.13	0.00	0.08

(i) These amounts are excluded from other indirect costs disclosure under the indirect cost ratio in Table 1. Refer to the fees and other costs section of the AMP Flexible Super Investing and your options fact sheet for more information.

Fees and indirect costs - Choice investment option

We are proposing that the following fees and indirect costs will apply after the proposed move.

Table 1 - Fees and indirect costs

If you are a Core member, you may choose options from the Core menu only. If you are a Select member, you may choose from the Core and Select menus, and as a Choice member you may choose from any menu.

Investment category/option	Investment and administration fees ⁽ⁱ⁾			Indirect cost ratio			Total fees and indirect costs	Transaction cost allowance ^(iv)

(i) The fees you actually pay are reduced by up to 15% to allow for the tax deduction passed on to you in relation to the fees charged by us.

(ii) These amounts are not an indication of future performance and should not be relied on as such. If the investment performance of a particular asset class is better than the set benchmark the **performance based fee** could be much higher. Refer to the **fees and other costs** section of the **Getting to know your AMP Flexible Super** fact sheet for more information.

(iii) Refer to the **fees and other costs** section of the **Getting to know your AMP Flexible Super** fact sheet for more information on **other indirect costs**.

- (iv) The **transaction cost allowance** is based on the latest information available to us at the date of this document. The **transaction cost allowance** can change at any time and may exceed the maximum amount shown. Refer to the **fees and other costs** section of the **Getting to know your AMP Flexible Super** fact sheet for more information.
- (v) The **investment fee** for these investment options includes estimates of costs deducted from underlying investments. These estimated amounts may vary and as a result the **investment fee** for these investment options may be more or less than the amounts shown. In particular the Specialist Geared Australian Share investment option has an **investment fee** of 0.90% pa that is charged on the gross asset value of the underlying investments. Refer to the **additional information about Specialist Geared Australian Share** in the **AMP Flexible Super Investing and your options** fact sheet for more information.

Table 2 - Transaction, property operating and borrowing costs

(i) These amounts are excluded from **other indirect costs** disclosure under the **indirect cost ratio** in **Table 1**. Refer to the **fees and other costs** section of the **AMP Flexible Super Investing and your options** fact sheet for more information.

Timing of member fees

From the date of the proposed move, the timing by which you pay your member fees will change from in arrears to in advance.

Proposed Insurance changes

(applicable to super accounts)

This section explains how any insurance cover that you hold through your superannuation account will be affected by the move to AMP Flexible Super.

Your proposed insurance in AMP Flexible Super

When you move to AMP Flexible Super the name by which your proposed insurance cover is referred to will change as follows:

From	To
Insurance cover held through Super Directions for Business Rollover Section	Rollover Protection

Proposed insurance premium changes

Insurance premium rates charged **won't change** for the vast majority of members. However, for some members, there may be differences due to:

- small rounding differences in the total premiums charged, or
- changes in the timing of some administrative processes.

Terms and conditions

There may be some changes to the terms and conditions of your insurance cover. Any changes are outlined below.

Cancellation and lapsing of insurance cover

As is the case in your existing product, your insurance cover will be cancelled if you don't have enough money in your super account to pay for your insurance premiums when they're due.

If you were provided with notice before the move that your cover was about to lapse, that lapse notification will continue to be effective, unless you contribute the required funds by the date specified in the notification.

If there's a situation where you don't have enough money in your super account to pay for your insurance premiums when they are due, and the first time this occurs is after the move, you'll be notified in writing 30 days before your cover lapses.

Reinstatement of insurance cover

Under your current insurance arrangements, when your insurance cover is cancelled, you must reapply to the insurer to reinstate that cover. Your application will be subject to underwriting and acceptance by the insurer.

From the date of the proposed move, members whose insurance cover is cancelled will be able to apply for the reinstatement of their cover, within 30 days of the date of that cover being cancelled, without the need to reapply through underwriting. This approach will be taken to the reinstatement of insurance cover moving forward. If you request to reinstate your cover after this 30-day period, you'll need to reapply to the insurer and your application will be subject to underwriting and acceptance by the insurer. Any application will be subject to approval by the insurer and the insurer may apply any terms, conditions, loadings or restrictions that they see fit.

Premium collection

From the date of the move, the timing by which you pay your insurance premiums will change from in arrears to in advance.

In arrears

In your current product, your insurance premiums are paid monthly in arrears. This means that immediately before the move, you'll see insurance premiums deducted from your current account. These premiums are to pay for the insurance cover that you held for the period from your last premium payment up to the date of the move.

In advance

After the move has occurred, your insurance premiums in your AMP Flexible Super account will be paid at the beginning of each month (ie in advance). This means that your insurance premiums will be deducted on or around the 1st of the next month immediately following the move and will be a pre-payment of insurance cover to be provided for that month.

Where appropriate, a one-off financial adjustment will be made to your account to make sure you're not worse off for any investment loss caused by making this payment earlier than would've been the case had the move not occurred.

When you make a claim

There are certain changes that will occur when you make a claim, after the move.

Switching of investment balances

There'll be some changes to how your superannuation investments are treated when a death, terminal illness or TPD claim is made.

After the move, on notification of a death claim your account balance will be switched into a low-risk cash option, being Super Easy Cash and in the case of a terminal illness or TPD claim your account balance will remain in your current superannuation investment option. Any deceased member with a death claim at the time of the move will have their investments transferred into Super Easy Cash.

Investment of insurance benefit proceeds

Currently, if a claim is made on your insurance cover, such as death, terminal illness or TPD, any insurance benefits are paid out directly to you or your estate and aren't invested into your superannuation investment options. After the move, any death, terminal illness or TPD benefit will be invested into Super Easy Cash and will be paid out to you at the time your account balance is paid. You can find more information about making an insurance claim and conditions of release in the PDS.

Other changes to your insurance

After the move to AMP Flexible Super there'll be other changes to your insurance cover. These are outlined below.

Insurance guide fact sheet	After the move, your insurance cover will be referred to as Rollover Protection . While the only changes to your insurance cover are those outlined in this guide, if you require information about your insurance after the move, you should refer to the AMP Flexible Super Insurance fact sheet for Rollover Protection .
Insurance forms	After the move to AMP Flexible Super, if you need to complete any insurance forms, you should refer to AMP Flexible Super forms. Forms are available at amp.com.au/forms .
Terms and conditions	Your Rollover Protection insurance cover will continue to be insured under the same terms and conditions, set out in your original PDS as updated from time to time, except for the changes outlined in this guide.
Applications for additional cover	If you already hold Rollover Protection insurance after the move, you can apply for additional insurance cover under Rollover Protection insurance. If you don't hold Rollover Protection insurance after the move, you can only apply for AMP Flexible Super Essential Protection or Super Protection insurance cover. You should refer to the AMP Flexible Super Insurance guide fact sheet for Personal Super for more information.
Applying for Temporary Incapacity cover after you leave your employer	Before the move, you weren't able to hold SC, TSC or GSC cover through Super Directions for Business Rollover Section. After the move, you'll be able to apply for Temporary Incapacity cover with an underwritten application through AMP Flexible Super's Super Protection. However, you should be aware that you cannot hold both Rollover Protection (Death only or Death and TPD) cover and Super Protection (Temporary Incapacity) cover together. This means that once your Super Protection Temporary Incapacity cover is approved, you'll need to cancel your Rollover Protection Death only or Death and TPD cover. Please note: If you wish to continue to hold Death only or Death and TPD cover with your Temporary Incapacity cover, you can apply for this Death only or Death and Permanent Incapacity cover with an underwritten application through AMP Flexible Super's Super Protection. To avoid a gap in your insurance cover you should only cancel your Rollover Protection cover when your application for Death, Permanent Incapacity and Temporary Incapacity cover is approved under AMP Flexible Super's Super Protection. As always, if you have any questions about your insurance you can contact us.

Changes to the Indexation of insurance	Upon the transfer of your insurance cover, there'll be changes to the way that any indexation increases are applied to insurance cover. If your insurance cover is currently indexed before the move, indexation was applied to two decimal places. After the move, indexation will be applied to one decimal place. This change to the number of decimal places at which indexation is applied will be reflected in both the sum insured and premium paid when indexation is next applied after the move.
Calculation of the Total and Permanent Disablement (TPD) premium	Currently if a TPD claim is lodged and is undergoing assessment, the TPD premium is maintained based on your age at claim lodgement until the completion of your claim assessment. After the move, your premiums will be recalculated based on your current age at the plan's next annual review. In both cases above, premiums are refunded to the date of disablement on acceptance of the claim.

Super Directions® for Business and Super Directions for Business Rollover Section

Product disclosure statement update

This is a product disclosure statement (PDS) update for the following documents:

- **Super Directions for Business PDS** (issued 30 September 2019)
- **Super Directions for Business Rollover Section PDS** (issued 30 September 2020)
- **Super Directions for Business and Super Directions for Business Rollover Section Additional information** (issued 1 April 2020)

The purpose of this update is to advise of the following changes:

- **Updates to transaction cost allowances for various investment options** (this change was effective from 23 March 2020)
- **Removal of contribution fees** (this change was effective from 31 January 2020)

Title reference: 6. Fees and costs

Instructions: Replace the *AMP SDF MySuper* fees and costs table with the following wording:

AMP SDF MySuper				
Type of fee	Amount			How and when paid
Investment fee ⁽ⁱ⁾	0.30% pa.			The MySuper investment fee is deducted daily from the assets of the MySuper investment portfolio and reflected in the unit price.
Administration fee ⁽ⁱ⁾	0.29% pa.			The MySuper administration fee is deducted daily from the assets of the investment portfolio and reflected in the unit price.
	Plus \$7.57 per month. This fee may be indexed on 1 July each year in line with the Consumer Price Index.			The MySuper member fee is deducted directly from your account each month.
Buy-sell spread	MySuper investment portfolio	Buy margin %⁽ⁱⁱⁱ⁾	Sell margin %⁽ⁱⁱⁱ⁾	Buy and sell margins⁽ⁱⁱ⁾ are an additional cost reflected in the calculation of the daily buy and daily sell unit prices of an investment portfolio. As your portfolio is valued using the sell unit price, all contributions and rollovers made into your portfolio will be reduced by the total of the buy and sell margin at the time of the transaction. You will also incur a cost or benefit across the whole investment portfolio if the sell margin is increased or decreased at any point in time.

Title reference: Fees and other costs for Choice investment portfolios in Super Directions for Business

Instructions: Replace the *Super Directions for Business - Choice investment portfolios* fees and costs table with the following wording:

Super Directions for Business - Choice investment portfolios		
Type of fee	Amount	How and when paid
Investment fee ⁽ⁱ⁾	0.13% to 1.04% pa depending on the investment portfolio ⁽ⁱⁱ⁾	The investment fee ⁽ⁱⁱⁱ⁾ is deducted daily from the assets of each investment portfolio and reflected in the unit price or crediting rate when declared
Administration fee ⁽ⁱ⁾	1.72% pa for all investment portfolios except Cash portfolio whose fee is 0.50% pa	The administration fee is deducted daily from the assets of each investment portfolio and reflected in the unit price and crediting rate when declared
	Plus up to \$7.05 per month This fee may be indexed on 1 July each year in line with the Average Weekly Ordinary Time Earnings (AWOTE) (all employees) index.	The member fee ^(iv) is deducted directly from your account each month in arrears. If you are also invested in the AMP SDF MySuper investment portfolio, the MySuper member fee will be deducted from your MySuper investment portfolio and you will not be charged an additional member fee . Your employer may have negotiated a lower amount ^(v) .
	Less an administration fee rebate up to 1.56% if applicable ^(v)	The administration fee rebate ^(iv) is paid directly into your account each month
Buy-sell spread	Buy margin of 0% to 0.28% ^(vi) depending on the investment portfolio ⁽ⁱⁱ⁾ ; and Sell margin of 0% to 0.72% ^(vi) depending on the investment portfolio ⁽ⁱⁱ⁾ .	Buy and sell margins ^(iv) are an additional cost reflected in the calculation of the daily buy and daily sell unit prices of an investment portfolio. As your portfolio is valued using the sell unit price, all contributions and rollovers made into your portfolio will be reduced by the total of the buy and sell margin at the time of the transaction. You will also incur a cost or benefit across the whole investment portfolio if the sell margin is increased or decreased at any point in time.

Super Directions for Business - Choice investment portfolios		
Type of fee	Amount	How and when paid
Switching fee ^(vii)	2% of the amount switched	The switching fee is payable on the seventh, and any subsequent switch, in any one annual review period and is deducted directly from your account when the switch is made
Advice fees relating to all members investing in a particular MySuper product or investment portfolio	Nil	Not applicable
Other fees and costs	Plus advice fees for personal advice ^(iv) as agreed between you and your financial adviser	Deducted directly from your account
	Plus insurance fees ^(iv) - insurance premiums will apply if you have insurance cover	Deducted directly from your account at the end of each month
Indirect cost ratio ^{(i)(viii)}	0.01 to 0.65% pa depending on the investment portfolio ⁽ⁱⁱ⁾ , consisting of estimated performance based fees and other indirect costs .	Performance based fees ^(iv) are paid to certain investment managers when they meet specific investment performance targets. They are deducted from the underlying assets of the investment portfolio and reflected in the unit price. They are variable and may be more or less than the amounts shown. Other indirect costs ^(iv) are deducted from the underlying assets of the investment portfolio and reflected in the unit price as and when they are incurred. They are variable and may be more or less than the amounts shown.

- (i) If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year (30 June for all AMP superannuation funds), the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- (ii) Refer to **investment portfolio fees and costs** in the **additional explanation of fees and costs** below for amounts for each investment portfolio.
- (iii) For certain investment portfolios, the **investment fee** may include estimates of amounts deducted from underlying investments. These estimated amounts may vary and as a result the **investment fee** for these investment portfolios may be more or less than the amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.
- (iv) Refer to the **additional explanation of fees and costs** below for more information.
- (v) Refer to the **membership summary** attached to your **welcome letter** for details of the **member fee** and the net **administration fee** after any **administration fee rebate**, that apply to your account.
- (vi) These amounts are based on the latest information available to us at the date of this document. Actual transaction costs can change at any time and as a result the **buy and sell margins** are subject to change at any time without notice to you.
- (vii) **Buy and sell margins** may apply on any switches or withdrawals.
- (viii) Costs are variable and may be more or less than the estimated amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.

Super Directions® for Business Rollover Section Product disclosure statement

Issued 30 September 2019

Contents:

1. About Super Directions for Business Rollover Section	1
2. How super works	1
3. Benefits of investing with Super Directions for Business Rollover Section	2
4. Risks of super	2
5. How we invest your money	2
6. Fees and costs	4
7. How super is taxed	6
8. Insurance in your super	7
9. How to open an account	8
10. Other information	8

This product disclosure statement (PDS) is a summary of significant information and contains a number of references to important information in your additional information document and welcome letter (which form part of this PDS). You should consider this information before making a decision about Super Directions for Business.

AMP reserves the right to vary the matters described in this PDS which may be without prior notice. Information in the PDS may change from time to time. We may update information that is not materially adverse to you and make it available at amp.com.au/pdsupdates. Call us on 131 267 or your financial adviser for a free paper copy.

The information provided in this PDS is general information only and does not take account of your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

This offer is available only to persons receiving (including electronically) the PDS, additional information document and welcome letter within Australia. The trustee is not bound to accept applications.

1. About Super Directions for Business Rollover Section

Super Directions for Business Rollover Section is designed to hold your super when you cease employment and are no longer eligible to remain in your employer's plan in Super Directions for Business, Simple Super or Tailored Super.

Investments that grow with you

You can select from a range of investments, from basic low-cost options to leading edge investments, including a MySuper solution. Go to amp.com.au/sdb to view the product dashboard for AMP SDF MySuper.

Insurance options you can tailor as your life and needs change

As your life changes, your insurance needs may differ over time. Our insurance cover lets you apply for more or less cover as you need it.

Connect your way with online and mobile access

With My AMP and our mobile apps you can keep an eye on your account and review your AMP investments whenever you want.

Super Directions for Business is part of a super fund known as the (the fund) (ABN 78 421 957 449). N.M. Superannuation Proprietary Limited (N.M. Super) ABN 31 008 428 322 is the trustee of the fund and is referred to as 'trustee', 'we', 'us' or 'our' in this PDS. Information about the fund and the trustee, including its executive officers, can be found at amp.com.au/trusteedetails.

2. How super works

Super is, in part compulsory, and is an effective way to save for retirement with tax savings provided by the government. You can generally choose your own fund or simply use the fund your employer has set up for you. There are different types of contributions available to help you save for your retirement including Super Guarantee (SG), salary sacrifice and personal contributions. You may also be able to claim a tax deduction for personal contributions. There are limits on the amount you can contribute to super, known as contribution caps. Go to amp.com.au/growyoursuper for more information.

You can start partially accessing your super once you reach your preservation age by commencing a transition to retirement allocated pension. Once you reach preservation age and retire, or you meet another condition of release, you can generally access your entire account by either making withdrawals or commencing a retirement allocated pension. Once you turn 60 both partial and full withdrawals are tax-free. Go to amp.com.au/ttr to learn more, or talk to your financial adviser.

You should read the important information about how super works before making a decision. Go to the additional information document at amp.com.au/sdb. The material relating to how super works may change between the time when you read this Statement and the day when you acquire the product.

3. Benefits of investing with Super Directions for Business Rollover Section

Super Directions for Business gives you flexibility with access to a range of features.

Investment choice

Super Directions for Business caters for a wide variety of investment styles, with access to a MySuper option, as well as a range of multi-sector and single-sector investment options.

Insurance options to look after you and your family

Insurance cover helps to financially protect you and your family. Premiums are deducted from your super account, making it a convenient and possibly more tax-effective option for you.

Nominate your beneficiaries

You can nominate one or more of your dependants or your legal personal representative to receive your super and any insured death benefit. See the additional information document for the beneficiary nominations available to you.

The fees, charges and certain other conditions of membership generally change when you leave your employer.

You should read the important information about the benefits of investing with Super Directions for Business before making a decision. Go to the additional information document available at amp.com.au/sdb for further information.

The material relating to the benefits of investing with Super Directions for Business may change between the time when you read this Statement and the day when you acquire the product.

4. Risks of super

All investments have risks so here are a few things you need to know before investing:

- All markets go up and down, causing asset values to vary. The extent to which markets move up and down is called volatility. In general, asset classes with a higher potential return also have a higher level of risk.
- There are no guarantees in investing. Every market and investment strategy carries different risks. The level of risk can vary depending on the assets that make up the strategy. You may lose some of your money at different points in time.
- History has shown that investments with the best long-term returns, like shares and property, also show the most short-term volatility and risk.
- Your returns may be less than inflation.
- Past performance of an investment is no guide to the future performance and returns will vary.
- Super and tax laws may change.
- Your super savings and returns might still not be enough to give you the retirement you want.

How much risk?

How much risk you choose to take on will depend on:

- your age
- your investment timeframe
- how your other investments are going, and
- how comfortable you are with taking risk.

You should read the important information about the risks of investing before making a decision. Go to the additional information document available at amp.com.au/sdb.

The material relating to the risks of investing may change between the time when you read this Statement and the day when you acquire the product.

5. How we invest your money

When choosing your investment strategy, you should consider the likely investment returns, the risks involved and your investment timeframe.

You can choose to invest in up to 6 investment options from a range, including a MySuper investment option, and various multi-sector and single-sector options managed by leading Australian and international fund managers.

Generally, when you transfer into Super Directions for Business, the investment portfolios you selected prior to being automatically transferred will be retained.

For more information on all of the investment options go to the additional information document.

The trustee regularly reviews the investment options and may add new options, remove existing options or alter the options from time to time without prior notice.

Switching is easy

It's easy to change your investment options as life changes. Login to My AMP at amp.com.au or via the My AMP app to review or switch your investments. You can do this any time and no switching fee applies to the first six switches in an annual review period. A switching fee applies to the seventh and subsequent switches performed in an annual review period, except where you switch to the AMP SDF MySuper investment portfolio.

AMP SDF MySuper investment portfolio – a Lifecycle solution

The AMP SDF MySuper investment option takes the hard work out of deciding how to invest your super, by providing the simplicity of a single investment option tailored for your age group. During your younger years the investment strategy seeks higher returns through greater exposure to growth assets such as shares. As you approach retirement, the investment aim is to reduce risk and preserve capital, so the asset allocation mix shifts to more stable defensive assets. This option is suitable for members who do not want to actively choose an investment mix and who are seeking to grow their super.

AMP SDF MySuper Investment Portfolio	Aim and Strategy	Investment Objective ⁽ⁱ⁾	Growth/Defensive Asset Ranges ⁽ⁱⁱ⁾	Standard Risk Measure ⁽ⁱⁱⁱ⁾	Suggested Minimum investment timeframe ^(iv)
AMP SDF MySuper 1990s	To provide long-term returns primarily from capital growth but also with some income, through a diversified portfolio. Initially, this investment option will hold a higher allocation to growth assets. As its investors approach retirement, the investment option will progressively shift, increasing the weight to defensive assets to preserve capital.	CPI +4.5% pa	Growth assets: 75–100% Defensive assets: 0–25%	6 / High	10 years
AMP SDF MySuper 1980s		CPI +4.5% pa	Growth assets: 75–100% Defensive assets: 0–25%	6 / High	10 years
AMP SDF MySuper 1970s		CPI +4.0% pa	Growth assets: 69–100% Defensive assets: 0–31%	6 / High	10 years
AMP SDF MySuper 1960s		CPI +2.5% pa	Growth assets: 43-78% Defensive assets: 22-57%	5 / Medium to High	10 years
AMP SDF MySuper 1950s		CPI +1.5% pa	Growth assets: 29-64% Defensive assets: 36-71%	5 / Medium to high	Under 5 years
AMP SDF MySuper Capital Stable	To provide returns primarily from income, though with some capital growth, through a diversified portfolio. As capital stability is the priority of this investment option, it will hold mostly defensive assets such as fixed interest and cash.	CPI +1.5% pa	Growth assets: 0–60% Defensive assets: 40–100%	5 / Medium to high	No minimum

(i) The rate of return that this investment option aims to achieve after fees and superannuation tax.

(ii) Growth assets include shares and property. Defensive assets include cash and fixed interest investments. For more details of asset classes, including the current benchmark allocations, go to the **additional information** document.

(iii) This is based on industry guidance to allow investors to compare investment options that are expected to deliver a similar number of negative annual returns over any 20 year period. For more information go to the **additional information** document.

(iv) Provides a guide to the number of years an investor should be prepared to invest in order to meet the objectives of the investment. Changing market conditions can also extend the suggested minimum timeframe.

Choice investment options

The Choice investment options include single and multi-sector options (with access to active and passive investment approaches).

You can find more information about the Choice investment portfolios in the additional information document.

You should read the important information about how we invest your money before making a decision. Go to the additional information document available at amp.com.au/sdb.

The material relating to how we invest your money may change between the time when you read this Statement and the day when you acquire the product.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

This table shows fees and other costs that you may be charged for the AMP SDF MySuper investment portfolio. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation fund as a whole. You can use the information in this table to compare the costs between different superannuation products.

The fees and other costs for Choice investment portfolios offered in this super product are set out in the additional information document.

AMP SDF MySuper				
Type of fee	Amount			How and when paid
Investment fee ⁽ⁱ⁾	0.32% pa			The MySuper investment fee is deducted daily from the assets of the MySuper investment portfolio and reflected in the unit price.
Administration fee ⁽ⁱ⁾	0.29% pa			The MySuper administration fee is deducted daily from the assets of the investment portfolio and reflected in the unit price.
	Plus \$7.57 per month. This fee may be indexed on 1 July each year in line with the Consumer Price Index.			The MySuper member fee is deducted directly from your account each month.
Buy-sell spread	MySuper investment portfolio	Buy margin %⁽ⁱⁱ⁾	Sell margin %⁽ⁱⁱ⁾	Buy and sell margins⁽ⁱⁱ⁾ are an additional cost reflected in the calculation of the daily buy and daily sell unit prices of an investment portfolio. As your portfolio is valued using the sell unit price, all contributions and rollovers made into your portfolio will be reduced by the total of the buy and sell margin at the time of the transaction. You will also incur a cost or benefit across the whole investment portfolio if the sell margin is increased or decreased at any point in time.
	AMP SDF MySuper 1990s	0.20	0.15	
	AMP SDF MySuper 1980s	0.21	0.15	
	AMP SDF MySuper 1970s	0.20	0.16	
	AMP SDF MySuper 1960s	0.18	0.15	
	AMP SDF MySuper 1950s	0.17	0.15	
	AMP SDF MySuper Capital Stable	0.14	0.14	
Switching fee ^(iv)	Nil.			Not applicable.
Advice fees relating to all members investing in a particular MySuper product or investment option	Nil.			Not applicable.
Other fees and costs	Advice fees for personal advice⁽ⁱⁱⁱ⁾ as agreed between you and your financial adviser.			Deducted directly from your account.
	Plus insurance fees⁽ⁱⁱⁱ⁾ - insurance premiums will apply if you have insurance cover.			Deducted from your account each month.

AMP SDF MySuper

Type of fee	Amount				How and when paid
Indirect cost ratio ^{(i),(v)}	MySuper investment portfolio	Estimated performance based fees % pa	Estimated other indirect costs % pa	Total indirect cost ratio % pa	Performance based fees⁽ⁱⁱ⁾ are paid to certain investment managers when they meet specific investment performance targets. They are deducted from the underlying assets of the investment portfolio and reflected in the unit price. They are variable and may be more or less than the amounts shown. Other indirect costs⁽ⁱⁱ⁾ are deducted from the underlying assets of the investment portfolio and reflected in the unit price as and when they are incurred. They are variable and may be more or less than the amounts shown.

- (i) If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year (30 June for all AMP superannuation funds), the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- (ii) Refer to the **additional explanation of fees and costs** in the **additional information** document for more information.
- (iii) **Buy and sell margins** are based on the latest information available to us at the date of this document. They can change at any time and may be more than the amounts shown.
- (iv) **Buy and sell margins** will apply on any switches or withdrawals.
- (v) Costs are variable and may be more or less than the estimated amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.

For fee definitions and full details of the fees and costs that apply, take a look at the **additional information** document at amp.com.au/sdb or talk to your financial adviser.

Changing the fees

We can change fees at any time without your consent. We'll notify you at least 30 days before we increase fees (other than indexation increases described in the table above). For more information about fee changes, refer to the additional information document.

Example of annual fees and costs

This table gives an example of how the fees and costs for the AMP SDF MySuper 1970s investment portfolio for this superannuation product can affect your superannuation investment over a one-year period. You should use this table to compare this superannuation product with other superannuation products.

Example – AMP SDF MySuper 1970s Balance of \$50,000 investment portfolio

Investment fees	0.32% pa	For every \$50,000 you have in the superannuation product you will be charged \$160.00 each year.
Plus Administration fees	0.29% pa + \$90.84 (\$7.57 per month)	And , for every \$50,000 you will be charged administration fees of \$145.00 plus \$90.84 regardless of your balance.

Example – AMP SDF MySuper 1970s Balance of \$50,000 investment portfolio

Plus Indirect costs for the superannuation product 0.40% pa

And, indirect costs of \$200.00 each year will be deducted from your investment.

Equals Cost of product

If your balance was \$50,000, then for that year you will be charged fees of **\$595.84⁽ⁱ⁾⁽ⁱⁱ⁾** for the superannuation product.

- (i) Additional fees may apply.
- (ii) The amount you actually may be reduced by up to 15% to allow for the benefit of any tax deductions passed on to you.
- This example is illustrative only. What it costs you will depend on your individual investments.

Please note: You may have to pay additional fees to your financial adviser if you consult one. Please refer to the statement of advice you will be given by your financial adviser.

The fees, charges and certain other conditions of membership generally change when you leave your employer.

You should read the important information about fees and other costs before making a decision. Go to the additional information document available at amp.com.au/sdb for further information.

The material relating to fees and other costs may change between the time when you read this Statement and the day when you acquire the product.

7. How super is taxed

Super offers tax benefits to encourage you to save for retirement. Your super is usually taxed:

- when adding to your super (ie a contribution or a rollover of an untaxed amount)
- earnings on your super, and
- when money is withdrawn from super.

Tax on amounts added to your super

Amount type	Tax
Concessional contributions	
Employer contributions	These include contributions made with pre-tax income such as SG and salary sacrifice contributions. These contributions are generally taxed at up to 15% ⁽ⁱ⁾ . You can contribute up to your concessional contributions cap, before additional penalty tax applies ⁽ⁱⁱ⁾ .
Post-tax contributions, for which a tax deduction is claimed	These are personal contributions for which a personal tax deduction is claimed and are generally taxed in the same way as employer contributions.
Non-concessional contributions	
Post-tax contributions, for which no tax deduction is claimed	These are personal, after-tax contributions (no tax deduction claimed), which are not taxed when made if you do not exceed your non-concessional contributions cap ⁽ⁱⁱⁱ⁾ .
Rollovers	
Rollovers of money from other funds	Rollovers are not subject to tax on receipt, unless they contain an untaxed component. Untaxed components are subject to 15% tax.

- (i) If you are a high income earner, you may be liable to pay an additional 15% tax on certain contributions. The Australian Tax Office (ATO) will notify you after the end of the financial year if this tax applies to you.
- (ii) The annual concessional contributions cap is indexed. To assess your eligibility to make concessional contributions, you should check the current cap rules at ato.gov.au.
- (iii) The annual non-concessional contributions cap is indexed. To assess your eligibility to make non-concessional contributions, check the current cap rules at ato.gov.au.

Contributions tax may be reduced by tax offsets and deductions (for items such as insurance premiums) which are available to the fund. Contributions tax is paid to the ATO monthly. We deduct the amounts from your account either at the time of contribution or quarterly, depending on the type of contribution or whether your account is closed. This frequency might change to monthly to match payments to the ATO. This is subject to the provision of your tax file number (TFN).

Tax above the caps (excess contributions)

If you contribute more than your concessional contributions cap, you will be subject to tax on the excess contributions at your marginal tax rate (plus Medicare levy less a 15% tax offset) plus an interest charge levied by the ATO.

If you exceed your non-concessional contributions cap, you can choose to withdraw the excess amount, plus associated earnings, and pay tax on the earnings at your marginal tax rate plus Medicare Levy. If you leave your excess contributions in your super account, the excess will be taxed at the highest marginal tax rate plus the Medicare Levy.

Tip: Keep an eye on contributions to all your super funds to avoid contributing above the caps. It's your responsibility to make sure you do not exceed your caps.

Tax on earnings

Investment earnings on your Super Directions for Business account are taxed up to 15%. This tax is deducted before the investment return is declared.

Tax on withdrawals

How your benefit is taxed will depend on your age, how you take your benefit and the different tax components, some of which will be tax-free and some taxable.

A cap of \$1.6 million (indexed) will apply on the total amount of superannuation that you can transfer to retirement pension phase accounts (where investment earnings continue to be tax exempt), known as the pension transfer balance cap.

The good news is there's no tax on withdrawals paid directly to you (as a pension payment or lump sum) if you are aged 60 or over.

The amount of tax payable on the **tax-free and taxable components** are outlined below:

Age	Lump sums	Income payments
Tax-free component	Tax-free	Tax-free
Taxable component (taxed element)		
Age 60 and over	Tax-free and payout is not included in assessable income.	Tax-free
Preservation age to 59	Tax-free up to the low rate cap amount ⁽ⁱ⁾ , then taxed at 15% (plus Medicare levy).	Taxed at your marginal tax rate less a 15% tax offset.
Below preservation age	Taxed at 20% (plus Medicare levy).	Taxed at your marginal tax rate with no tax offset.
Early release payments	Each early release case, including payments received due to disability or death, may have their own conditions and tax treatment	

- (i) The low rate cap amount is indexed. Check the current cap amount at ato.gov.au.

You should read the important information about how super is taxed before making a decision. Go to the additional information document available at amp.com.au/sdb.

The material relating to how super is taxed may change between the time when you read this Statement and the day when you acquire the product.

Providing your tax file number (TFN)

When you join Super Directions for Business you should consider providing us with your tax file number (TFN). If we don't have your TFN, we have to deduct more tax from your super and reject certain types of contributions.

By providing us with your TFN, you'll only get taxed at super's tax-effective rates. Your TFN can also help us track down any super you've lost track of, and allow us to accept after-tax contributions.

Tip: Check your statement or call us to see if we have your TFN. If we don't, you should consider providing us with your TFN to avoid paying extra tax.

8. Insurance in your super

Accessing insurance through your super is generally a tax-effective way to cover you and your loved ones.

Types of insurance cover

The details of cover below are a general guide only. Refer to your **welcome letter** and the additional information document for the insurance terms that apply to you.

Super Directions for Business Rollover Section offers you the following types of cover:

- Death (including terminal illness) only
- Death (including terminal illness) and Total and Permanent Disablement (TPD).

Death and TPD cover provides a lump-sum benefit in the event of your death or if you become totally and permanently disabled.

Insurance for members

Continuation of Death and TPD from your employer plan

When we are notified that you have ceased employment with the employer sponsor of your employer plan, the superannuation account that you hold in Super Directions for Business, Simple Super or Tailored Super will be transferred to Super Directions for Business Rollover Section. Any Death or Death and TPD cover that you held in your previous employer plan will continue (subject to eligibility) if we have your current address. The level of cover transferred (where applicable) will remain at the level of cover you had on the date of transfer, converted to a fixed dollar amount.

If we don't have your current address, your cover will cease on transfer to the Super Directions for Business Rollover Section.

Please check your welcome letter and membership summary for confirmation of any insurance cover and insurance premiums.

Cessation of Salary Continuance and Total but Temporary Disablement (TTD)

Salary Continuance and TTD cover is not available in Super Directions for Business Rollover Section. If you had this cover in your employer's plan, it will cease to apply on the date we're told you have ceased employment with your employer.

When cover ceases

Cover will stop when your membership ceases or in certain circumstances described in section 7 of the additional information document.

Should there be insufficient funds in your account to pay the premium, you will be notified in advance in writing that your cover will cease. Information about who is eligible for cover, cancellation of cover and conditions and exclusions is available in sections 7, 8 and 9 of the additional information document. These matters may affect your entitlement to insurance cover and you should read this information before deciding whether this insurance is appropriate for you.

Making a claim for TPD benefits

If you are eligible and make a claim for TPD, you will be eligible under any of the three parts (a) Unable to work, (b) Specific loss, and (c) Future care of the TPD definition, provided that immediately preceding the date you became disabled you were permanently employed and working 15 hours or more per week. If you do not satisfy this requirement, you may claim under parts (b) or (c) of the TPD definition only. For more information about the TPD definition refer to section 7 of the additional information document available at amp.com.au/sdb.

Please note: The following may affect your entitlement to insurance cover, please read the additional information document before deciding whether the insurance is appropriate:

- the level and type of insurance cover available
- the range of costs of insurance depending on a person's circumstances
- eligibility for and cancellation of insurance cover
- insurance conditions and exclusions, and
- for employee members, what happens when you leave your employer.

You should read the important information about insurance in your super before making a decision. Go to the additional information document available at amp.com.au/sdb.

The material relating to insurance in your super may change between the time when you read this Statement and the day when you acquire the product.

Insurance premiums for members

There are costs associated with insurance cover.

The premiums charged for cover may be higher than those that applied under your employer's plan, depending on your age. This is because cover under your employer plan may have been subject to discounts that don't apply in Super Directions for Business Rollover Section. Insurance premiums are deducted from your account at the end of the month. You will be notified in advance in writing of the termination of cover where you have insufficient funds to pay the insurance premiums.

If you don't cancel or decline the insurance cover transferred to Super Directions for Business Rollover Section from your previous employer's plan, insurance premiums will continue to be deducted from your account. It's important to check your **membership summary** to confirm the insurance premiums applicable.

Please note: Large amounts of insurance cover may erode retirement income. Please consult your financial adviser for advice on what level of insurance cover is appropriate for your needs.

Tip: For an insurance quote, please contact us on **131 267**.

Change of insurance cover

You may be able to change (increase or decrease) your insurance cover or apply for insurance cover if it wasn't provided for you.

To apply for cover or to increase your existing cover, please contact us to obtain the applicable form. In most cases, you'll need to provide details of your health and circumstances.

If your application for insurance or additional insurance cover is accepted, a higher premium may be payable, or it may be subject to one or more exclusions. If additional cover is declined based on the health evidence, any default insurance already provided will not be affected.

Cancelling your insurance cover

If you choose to cancel cover, you can do so by writing or calling us. If we receive notification within 30 days of your transfer into Super Directions for Business Rollover Section, there'll be no charge for the cover during the first 30 days. The effective date for cancellation of cover is the date we receive your request to cancel.

We suggest you read the PDS and consult a financial adviser before deciding to change or cancel your insurance cover.

Please note: Unless you cancel your insurance cover, the cost of your insurance cover (your insurance premium) will be deducted from your account at the end of each month (or paid by your employer if applicable).

9. How to open an account

Personal members

Your account is automatically opened when you are transferred from another AMP product.

Cooling-off period

A cooling-off period does not apply to this product

Enquiries and complaints

We're here to help. If you need help with your account simply contact our customer service team.
