

SMSF SuperEdge Update

AMP Bank has listened to broker feedback following yesterday's update in relation to SMSF loans and reviewed our position. As a result, we have re-opened SMSF SuperEdge lending across all application types, including new purchases, pre-approvals and refinances.

Key updates:

- All SMSF application types are currently being accepted, including new purchase applications, pre-approvals and refinances.
- Please note that applications will still need to have an exchanged contract by a date determined by the legislative changes. At this stage we expect this to be in mid-August but will provide clarity as soon as possible.

We understand the importance of certainty for you and your customers, and will continue to monitor legislative developments closely, listen to feedback and keep you updated.

We apologise for any inconvenience caused to you and your customers. Please [get in touch with your BDM](#) if you have any questions or want to workshop a scenario.

THINGS YOU SHOULD KNOW
