Target market

Customer description

This describes customers in the target market

Objectives and needs

- a person who may seek to deposit funds and earn a fixed rate of interest over a fixed-term, and who will not require access to their funds during this period.
- a person who is not operating an international funds remittance arrangement, business or service or trading in or supporting trading in cryptocurrencies or digital currencies or a shell bank.

Financial situation

- a person that will have access to funds to deposit into the account

Product description

This describes the product

A term deposit account with the following key attributes:

- the ability to earn interest on deposited funds for a fixed period at a fixed rate,
- the requirement to deposit funds, and
- the inability to withdraw funds during the fixed period without charge.

Appropriateness statement

This explains that the product is consistent with the likely objectives, financial situation and needs of the target market

AMP Bank has considered that the product is appropriate for the target market on the basis that the key attributes of the product listed in this determination directly address the objectives, financial situation and needs of customers in the target market as described in this determination.

Distribution conditions

Retail product distribution conduct (other than general advice)

This condition applies to all conduct (other than general advice) such as issuing, arranging and providing disclosure material

Distribution conditions

Distribution methods	Suitability
Direct through AMP Bank approved communication channels (including website, phone, or email)	Suitable
Through financial adviser	Suitable
Through fixed income broker or other approved intermediary	Suitable

Through referral from approved comparison site provider	Any link to an application form for the product must direct prospective customers to review the relevant AMP Bank product information page and include details of where to find the TMDs

Why the distribution conditions and restrictions will make it more likely that the customers who acquire the product are in the target market

The distribution conditions will make it likely that customers who acquire the product are in the target market because all customers who acquire the product will have:

- warnings or questions about key attributes and key limitations of the product which are material to whether customers are in the target market, or
- personal advice.
