This document outlines the investment options available through the MyNorth Super and Pension product disclosure statement (PDS), MyNorth Super and Pension Guarantee PDS, MyNorth Investment investor directed portfolio service (IDPS) guide and the MyNorth Investment Guarantee PDS.

MyNorth offers a range of investment options featuring:

- over 440 managed funds
- listed securities on the Australian Securities Exchange (ASX)
- exchange traded funds (ETFs), exchange traded commodities (ETCs) and exchange traded bonds (ETBs)
- listed investment companies (LICs) and listed investment trusts (LITs)
- Australian real estate investment trusts (AREITs), and
- term deposits.

MyNorth investment options are split into three broad categories; **Core, Select & Choice**. The Administration fees you pay on your MyNorth account will differ depending on the investment options you choose. These Administration fees are described in the MyNorth Super and Pension PDS - Part A or MyNorth Investment IDPS Guide as applicable to you. From time to time, we'll add or remove investment options. We recommend you consult your financial adviser before selecting the specific investment options for your investment strategy.

The underlying fees and costs for each investment option disclosed in this document have either been sourced from an external research provider or directly from the relevant fund manager and have not been independently verified by the Trustee or the administrator.

Management costs are the ongoing fees and expenses of investing in an investment option and include management fees, expense recoveries, performance fees (if applicable) and indirect costs.

As well as management costs, transactional and operational costs will generally be incurred when dealing with the underlying assets of an investment option. They include brokerage, clearing costs, stamp duty, the buy and sell spreads of any underlying funds and certain costs associated with holding derivatives or direct investments in real property. The net transactional and operational costs shown are after any amounts recovered by the charging of a buy/sell spread.

In addition, some investment options that have underlying investments that use credit facilities to gain increased asset exposures will also incur borrowing costs. Borrowing costs include interest, government charges and debt advisory costs. Where borrowing costs are disclosed by the fund manager, these are detailed in this document. Before selecting an investment option, you should refer to the latest costs set out in that investment option's current product disclosure statement.

For more information on fees and costs please refer to the **MyNorth Super and Pension PDS – Part A, MyNorth Super and Pension Guarantee PDS – Part B, MyNorth Investment IDPS Guide** or the **MyNorth Investment Guarantee PDS** as applicable to you.

Please submit all investment instructions through your adviser or North® Online, available via northonline.com.au.

Listed securities

You are able to invest in securities listed on the ASX. Selected listed investment companies and listed property trusts are available for investment.

If you are an Investor of the Investor Directed Portfolio Service (IDPS) you can invest in any direct equity or unit trusts listed on the ASX with the exception of unlisted managed funds (mFunds).

For superannuation and pension members, you will have access to the following listed securities:

- shares currently listed in the S&P/ASX300 index
- selected LICs and LITs as listed on page 22 and A-REITs listed on the ASX all ordinaries index.
- all hybrids (ie convertible notes and preference shares), where the issuer is listed in the S&P/ASX300 index
- ETFs and ETCs listed on pages 20 and 21.
- fixed interest securities (ie corporate bonds and floating rate notes) listed on page 22.
- certain sub-classes of shares, initial public offerings (IPOs), share purchase plans (SPPs) and other securities that satisfy the Trustee's approval criteria.

Securities listed in the S&P/ASX300 are subject to change, impacting the ability to invest in securities that no longer fall in the S&P/ASX300.

The trustee may periodically add or remove listed securities available to superannuation and pension members without warning. We recommend you obtain the latest version of this document prior to making an investment decision.

When purchasing listed securities, additional costs will be incurred. These costs, which include brokerage fees, will be directly debited from your account. If using a third party broker, the cost per transaction varies between brokers and is subject to change.

Please refer to the MyNorth Super and Pension PDS – Part A or MyNorth Investment IDPS Guide for further details.

Listed securities are not currently available on accounts with a Guarantee.

Standard Risk Measure

About the Standard Risk Measure

The Standard Risk Measure (SRM) is a common risk descriptor used by superannuation funds.

It is based on guidance from the Australian Prudential Regulation Authority (APRA) to allow investors to compare managed funds that are expected to deliver a similar number of negative annual returns over any 20-year period.

We have introduced the SRM in accordance with the recommendations from the Financial Services Council (FSC) and Association of Superannuation Funds of Australia (ASFA).

SRM descriptors

Each managed fund listed in this document has been assigned a SRM.

The table below sets out the SRM labels used for each managed fund based on the estimated number of negative annual returns that a managed fund may experience over any 20-year period.

Risk band	Risk label	Estimated number of negative annual returns over any 20 year period
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

For example, managed funds with a risk band of 5 have a medium to high risk label and may experience between 3 to less than 4 years of negative annual returns over any 20-year period.

Limitations

The SRM is not a complete assessment of all forms of investment risk and does not replace the need for financial advice when constructing a managed fund portfolio. For instance, it does not detail what the size of a negative return could be or the potential for a positive return to be less than an investor may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return.

The SRM is not a comprehensive account of the risks of investing and investors should consider these risk labels in conjunction with the different risks of investing that apply to their investments. Investors should still ensure they are comfortable with the risks and potential losses associated with their chosen managed fund(s).

Methodology

The methodology used for calculating the SRM follows the FSC/ASFA recommendations and is in line with market adopted practices. For full details on the methodology, please visit northonline.com.au. You can also contact your financial adviser or the North Service Centre on 1800 667 841 for any queries on the methodology.

Changes to the SRM

For each managed fund, any significant changes to market conditions may alter the SRM from time to time. In addition, any changes to the methodology used (including any regulatory changes) may also alter the SRM results.

We will generally review the SRM assigned to each managed fund annually.

Differences between each provider's SRM

Investors should be aware that the SRM labels used for each managed fund are based on our assessment and may differ to those assigned by other providers. The differences are generally due to the methodology used in calculating the SRM.

Other important information

This is the investment options document for the MyNorth Super and Pension Fund ('the Fund', also known as 'MyNorth Super' and 'MyNorth Pension' or 'Wealth Personal Superannuation and Pension Fund' ABN 92 381 911 598) and should be considered together with the current MyNorth Super and Pension PDS – Part A.

This document is jointly issued by N.M. Superannuation Proprietary Limited (NM Super) ABN 31 008 428 322, AFS Licence No. 234654, and NMMT Limited (NMMT) ABN 42 058 835 573, AFS Licence No. 234653.

This document also forms the Investment options document for the Investor Directed Portfolio Service (IDPS) known as MyNorth Investment. The Operator of the IDPS is NMMT.

Please refer to the PDS for each underlying managed fund investment option for detailed information relating to the underlying managed fund investment options.

PDSs for underlying managed fund investment options do not constitute an offer or invitation to subscribe to or buy any of the securities offered by the fund managers of investment options. In addition, the fund managers of those investment options have not authorised or caused the issue of this document. Unless expressly stated, the fund managers of those managed fund investment options, their respective officers, holding companies and trustees do not guarantee the capital invested by members of MyNorth Super, MyNorth Pension and MyNorth Investment IDPS investors or the performance of the plans and investment options generally.

The performance, the payment of any particular return or any increase in the value of the assets acquired using the investments listed in this document are not guaranteed in any way.

This publication has been prepared to provide general information only and does not take into account the investment objectives, financial situation or particular needs of any particular person. It is not intended to take the place of professional advice and you should not take action on specific issues in reliance on this information.

Before making an investment decision, you need to consider (with or without the assistance of an adviser) whether this information is appropriate to your needs, objectives and circumstances. You should obtain a copy of the relevant PDS or IDPS Guide before making a decision to invest in any financial product.

Past performance is not indicative of future performance. Detailed information about the MyNorth products is contained in the PDS and IDPS Guide.

Applications for investment in MyNorth products will only be accepted via northonline.com.au. Copies of the PDS and IDPS Guide are available on northonline.com.au or can be obtained by calling 1800 667 841 (1800 NORTH1).

NMMT Limited, N.M. Superannuation Proprietary Limited and their associates derive income from issuing interests in the product, full details of which are contained in the PDS and IDPS Guide. Unless specifically stated, the repayment of capital or performance of our products are not guaranteed.

This information is provided for persons in Australia only and is not provided for the use of any person who is in any other country.

Identifying investments

The APIR codes used in this document identify the underlying investments that MyNorth will purchase on your instruction. The APIR code can assist you in obtaining the PDS for the underlying investment and comparing with other investment menus.

Fund manager payments

NMMT may receive payments of up to 0.55% from fund managers for amounts invested in particular investment options made available in this document (fund manager payments).

The fund manager payment received is based on amounts invested with the fund manager and the management costs of these investments.

These payments, and the method of calculation, may change from time to time and are not an additional cost to you.

Management costs

The Management costs presented in this document are estimates only and include expense recoveries and indirect costs (performance fees where applicable and other indirect costs). Before selecting an investment option, you should refer to the latest management costs set out in the relevant product disclosure statement for the particular fund.

Buy/sell spread

The buy/sell spread information provided in the investment options document is indicative only and may not reflect the most current buy/sell spread costs that may be incurred.

Removing investment options

We maintain the right to add or remove investment options. In the event that an investment option is removed we will endeavour to give you 30 days notice to switch to an alternative investment option. Please refer to the MyNorth Super and Pension PDS – Part A or the MyNorth IDPS Guide and FSG for further information.

Note: A current copy of this document is available free of charge on MyNorth's website northonline.com.au or by contacting the North Service Centre on 1800 667 841 (1800 NORTH1).

Changes to your managed funds

Fund managers of the managed fund investment options may notify us from time to time of material changes or significant events that affect an investment option you have selected. We will notify you of these changes as soon as practical through North Online. We will not be responsible for any delays in notifying you of these changes or events where the delay has been caused by a fund manager. If you wish, you may select a different investment option after you have read the up-to-date information; however, regular fees and charges may apply. If you do not notify us that you wish to select a different investment option contributions will continue to be invested in the existing investment option.

Additional contributions

After you become an investor, each time you make additional contributions to a managed fund investment option you may not have the most recent underlying fund manager PDS or have been notified about material changes or significant events relating to the investment options you have selected. You can access the most up-to-date underlying fund manager PDS for the investment options you have selected by accessing North Online on northonline.com.au.
